[Verse 1]
```
G C         G                    D/A
   It's not time to make a change
            C           Am7
Just relax, take it easy
               G                Em
You're still young, that's your fault
         Am7                    D
There's so much you have to know
               G          D/A
Find a girl , settle down
```

```
          C                 Am7
If you want you can marry
                G           Em           Am7   D
Look at me, I am old,  but I'm happy
        G                         D/A
I was once like you are now,
              C                   Am7
And I know that it's not easy
                G               Em             Am7      D
To be calm when you've found  something going on
                      G           D/A
But take your time, think a lot
                      C                   Am7
Why, think of everything you've got
              G                     Em
For you will still be here tomorrow
                  D         G  C
But your dreams may not

[Verse 2]
G C         G                   Bm7
   How can I try to explain
                  C                 Am7
Cause when I do he turns away    again
        G                       Em           Am7   D
It's always been the same,  same old story
            G                   Bm7           C
From the moment I could talk   I was ordered to
        Am7
listen
```

```
                        G            Em        D        G
Now there's a way and I know  that I have to go
away
   D        C         G C G C
I know I have to go

[Verse 3]
G C          G                          Bm7
    It's not time to make a change
                  C              Am7
Just sit down, take it slowly
             G                      Em
You're still young, that's your fault
          Am7                      D
There's so much you have to go through
             G            Bm7
Find a girl, settle down
             C              Am7
If you want, you can marry
```

```
            G               Em              Am7    D
Look at me, I am old,   but I'm happy
                    G                 Bm7
All the times that I cried
                C                           Am7
Keeping all the things I knew     inside
       G                         Em          Am7      D
It's hard, but it's harder to ignore it
                      G             Bm7
If they were right, I'd agree
                C                           Am7
But it's them they know not me
                          G           Em           D              G
Now there's a way and I know   that I have to go
away
     D        C        G
I know I have to go
